

# 64003233 - Crafty 100.300 HDG Cable Ladder c.t.c.300 L3m

## Product data

|                        |                                               |
|------------------------|-----------------------------------------------|
| Product code:          | 64003233                                      |
| Brand:                 | Niedax Group                                  |
| Series:                | Gouda Cable ladder                            |
| Type:                  | Crafty                                        |
| EAN Code:              | 08719972078284                                |
| Technical description: | Crafty 100.300 HDG Cable Ladder c.t.c.300 L3m |
| ETIM class:            | EC000854 - Cable ladder                       |

## Technical data

|                                 |                    |
|---------------------------------|--------------------|
| Width:                          | 300                |
| Height:                         | 100                |
| RAL-number:                     | -                  |
| Surface protection:             | Hot-dip galvanised |
| Weight:                         | -                  |
| Type of rung:                   | Perforated profile |
| Side perforation:               | No                 |
| Material quality:               | Other              |
| Length:                         | 3000               |
| Material:                       | Steel              |
| Useful cross section:           | -                  |
| Type of side joist:             | Profile (open)     |
| Suitable for circuit integrity: | No                 |
| Rung centre spacing:            | 300                |
| Fixation rung:                  | Other              |
